

How can LCRT help your business thrive?

More than just a transit system, Lowcountry Rapid Transit will transform the infrastructure in our region to improve mobility for people on public transportation, in cars, on foot and on bikes, and will be a catalyst for economic growth and prosperity throughout the area.

Get onboard with LCRT to reach more customers!

Opportunities

LCRT is forecasting 2 million annual riders. More riders = more potential customers!

Reach customers through LCRT.

→ 20 stations will bring customers closer to your business.

→ Stations and buses have ample advertising space. Place your message at the station station or on the bus or inside it.

Partnership Opportunities

Partner with LCRT and have your business featured on our social media channels. Scan the QR code to see what LCRT can offer.

Impact & Resources

We are currently in our design process for LCRT and welcome feedback. We want to be in touch with your organization or business, especially as it relates to the following:

→ Access control

We want to understand how customers access your business so we can plan to minimize impacts, where possible. The LCRT route will result in changes to some North Charleston roadways. The design will consolidate and even eliminate some access points.

→ Eliminating left turns

Intersection improvements will be made to create safer access to neighborhoods and businesses along the corridor. This includes signalized u-turns and more signalized crosswalks to create safer access.

→ Construction (2023-2026)

Our goal is open communication. The LCRT team wants to work with you to understand your business needs and keep you informed as the project develops.

We want your voice to inform our decisions and look forward to sharing specific details about how our project interacts with your business.
