

HELP YOUR BUSINESS THRIVE!

More than just a transit system, Lowcountry Rapid Transit (LCRT) will transform the infrastructure in our region to improve mobility for people on public transportation, on foot and on bikes, and will be a catalyst for economic growth throughout the area.

REACH MORE CUSTOMERS

We're forecasting 2 million annual LCRT riders. More riders = more potential customers!

Easy Access

20 stations will bring customers closer to your business.

Advertising

Stations and buses will have advertising space. Place your message on a station screen or inside of the bus.

SHARE YOUR FEEDBACK

We want your voice to inform our decisions about how our project interacts with your business.

Project Impacts & Corridor Enhancements

As the project progresses, we want input from your organization or business about:

Business Access

The LCRT project involves changes to some North Charleston roadways. We want to understand how customers access your business so we can minimize impacts, where possible.

Safety

From signalized u-turns to new crosswalks, intersection improvements will create safer access to neighborhoods and businesses.

Construction

We want to work with you to understand your business's needs and minimize impacts to your customers during construction.
