

PROJECT UPDATE

01 October 2022

IGA Approved by Project Partners

The Lowcountry Rapid Transit (LCRT) Multi-Party Intergovernmental Agreement (IGA) has received approval from each of its project partners and will be circulated for signatures from BCDCOG, SCDOT, Charleston County and CARTA, who all serve as participating partners.

Each project partner will have specific roles and responsibilities, including but not limited to funding, engineering, design, public and stakeholder communications, vehicle procurement, construction, maintenance, and operation.

As part of the IGA, the four participating agencies will each designate a representative to serve on the LCRT Executive Leadership Team (ELT). The ELT will provide executive oversight and make final decisions regarding significant changes to the project.

Executive Leadership Team

September Outreach

We remain committed to active and ongoing engagement in the community.

The LCRT Outreach team visited six locations in September to meet with communities and businesses along the corridor, including:

North Area Steering Committee	9/15
Fairfield Inn & Suites	9/21
Otranto Library	9/22
SC Works	9/22
Dart Library	9/22
Main Library	9/23
